WHAT YOU CAN LEARN

WHAT YOU CAN ACHIEVE

## KEY CAPABILITIES

## KEY BENEFITS

### Why attend PRINCE2 training and take exams

- 1 How to improve your delivery confidence as everyone understands their role in delivering what the business expects
- 2 Terminology that is common in all projects around the world, with a methodology that works effectively with 'knowledge based' practices
- 3 How to close your projects well to ensure lessons are captured and project assets are protected
- 4 Structured approach with controls to provide a delivery methodology that works repeatedly and will enable you to successfully deliver projects
- 5 Clearly understand your role, governance and responsibilities, including the triggers, inputs and expected outputs
- 6 How to start your projects well to ensure successful and consistent delivery to achieve the expected benefits
- 7 How to structure a project into manageable deliverables and create stages to ensure that decisions are undertaken using an agile approach
- 8 Improve your position in the job market and career progression within project and programme management by gaining recognized qualifications
- 9 Qualifications that are recognized around the world indicating your ability to apply best practice approaches to managing projects

WHAT YOU CAN LEARN

WHAT YOU CAN ACHIEVE

## KEY CAPABILITIES

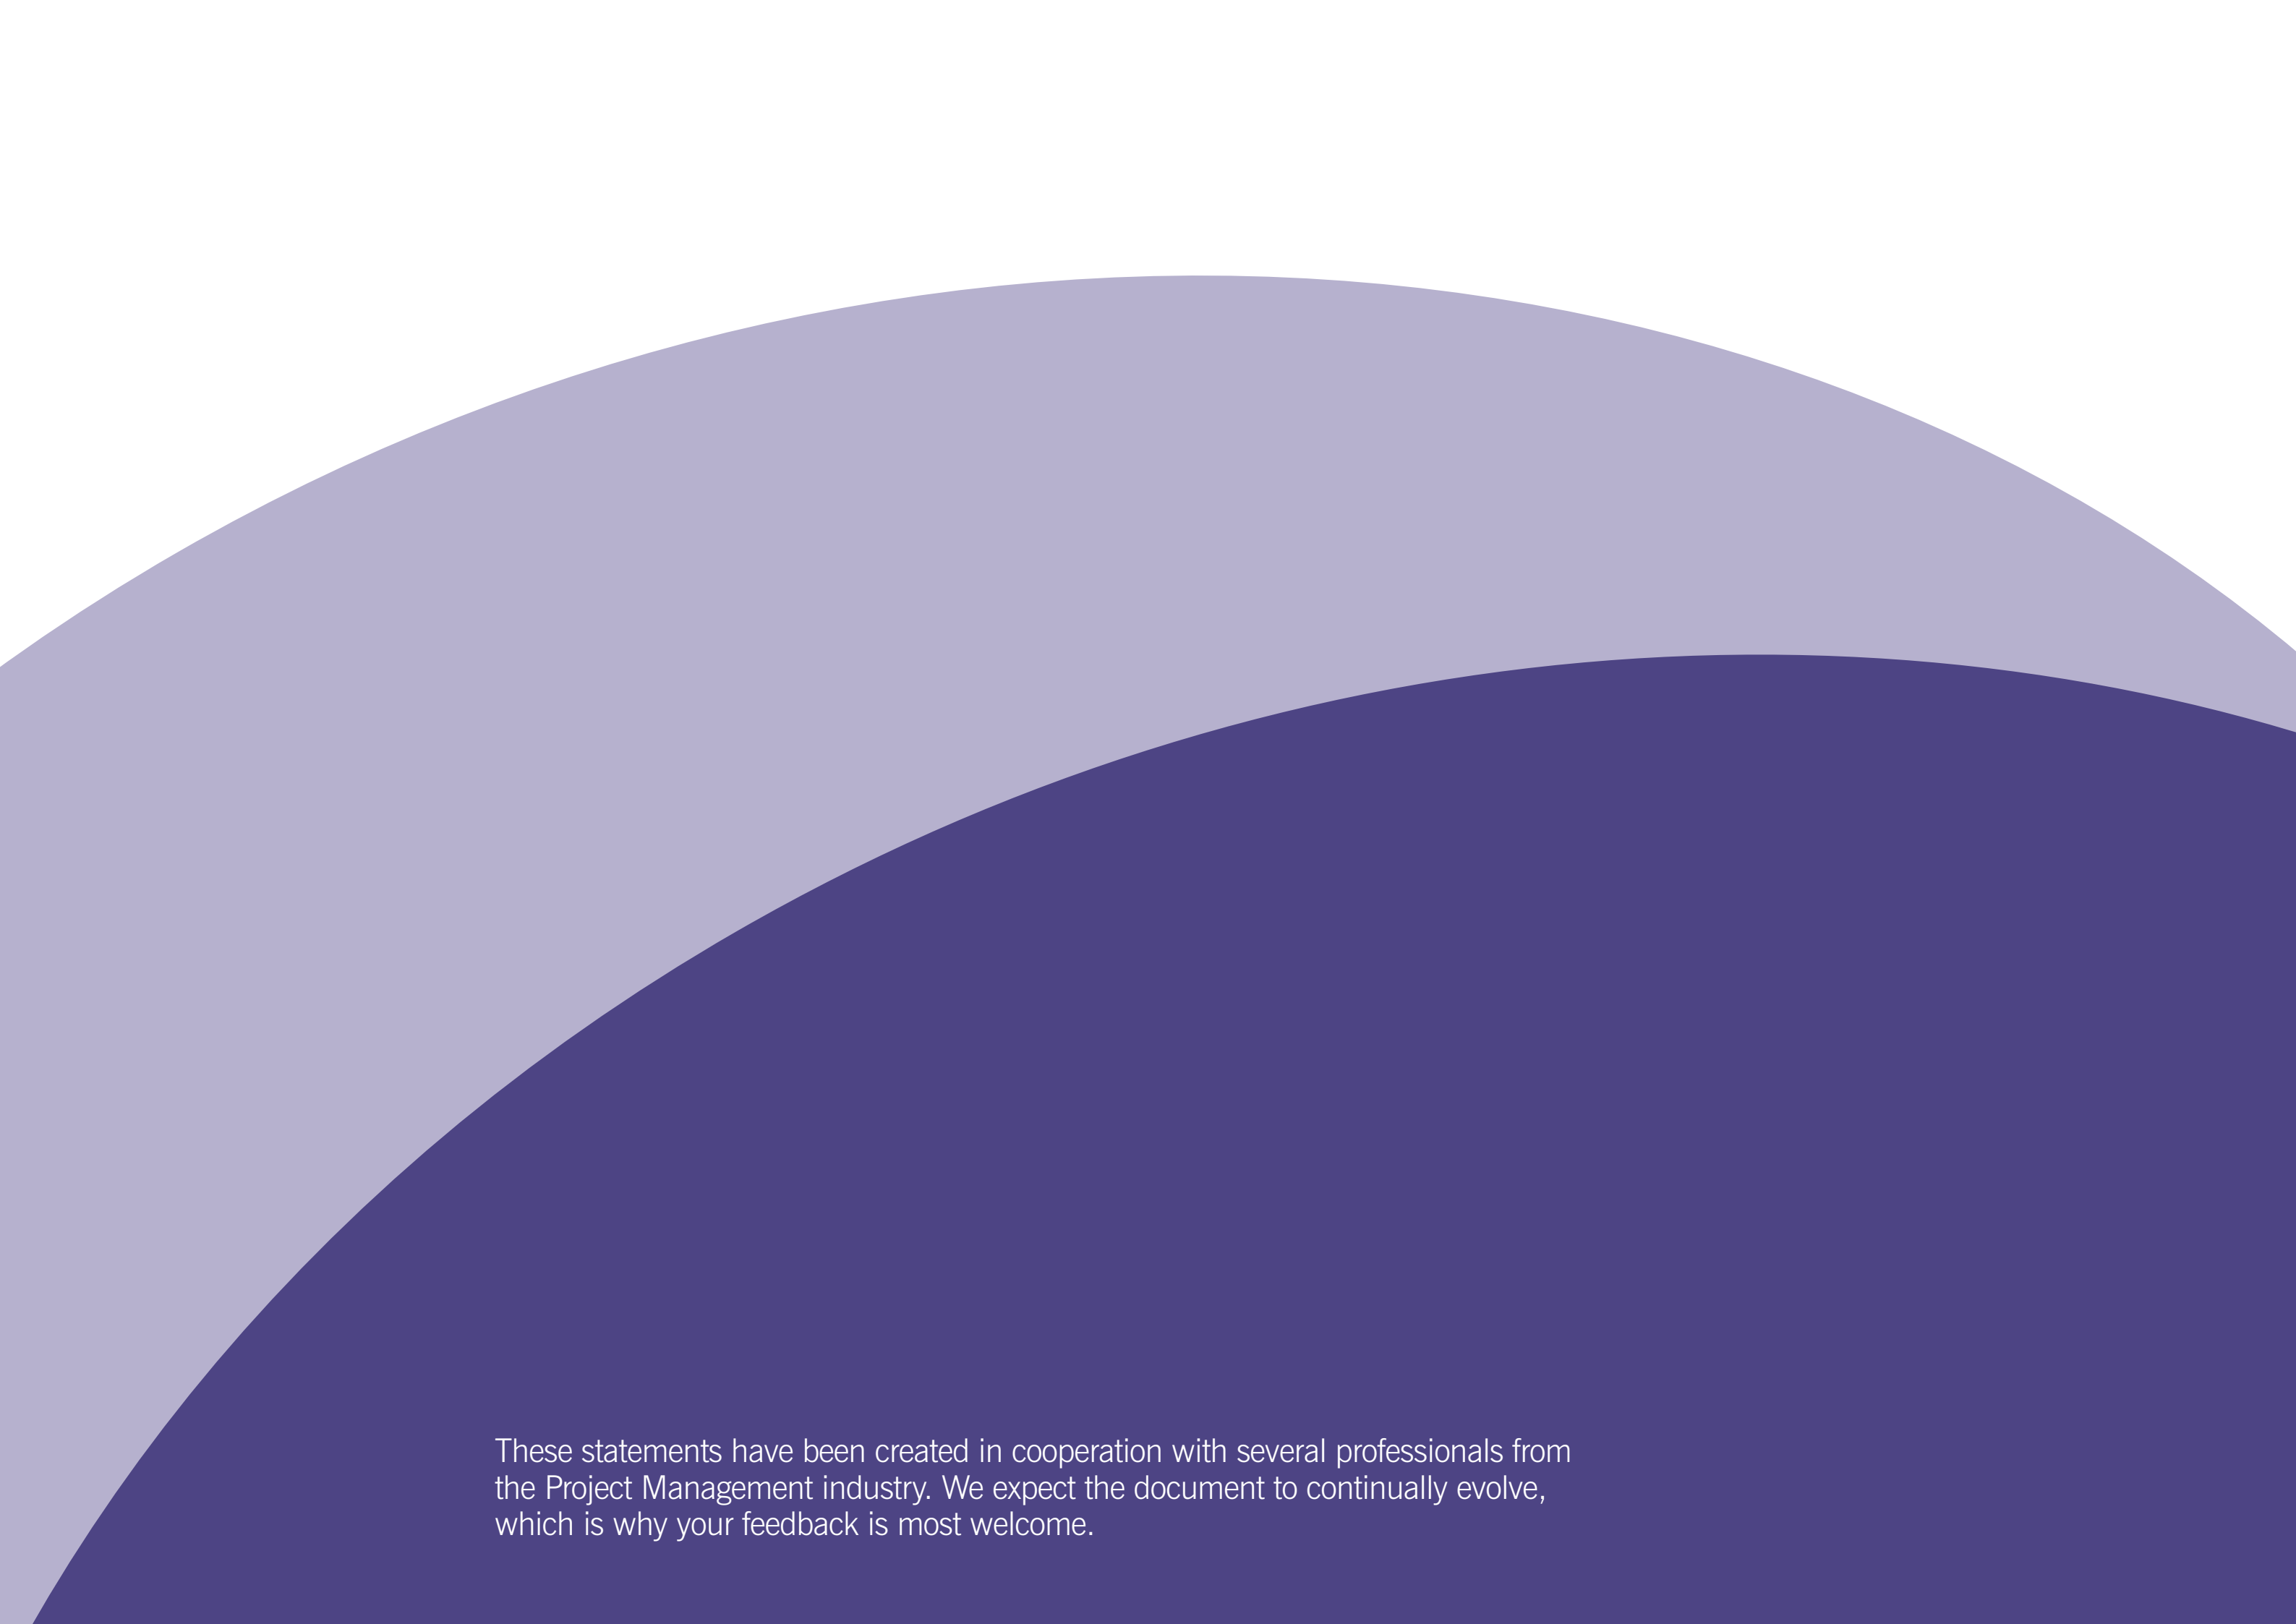

## KEY BENEFITS

## How you can deliver value to your organization

- 1 Improved cost control through coordination of activities and teams using tried and tested processes
- 2 Improved team collaboration and process by understanding interdependencies risks and their impact
- 3 Improved effectiveness through fact based decision making using defined and relevant metrics
- 4 Improved communication by encouraging the use of common terminology
- 5 Improved trust through demonstrable delivery of objectives aligned to stakeholder goals and business needs
- 6 Improved focus by taking a customer centric approach
- 7 Improved organizational culture to support continual improvement activities
- 8 Improved alignment with the business by identifying and understanding the value chain
- 9 Improved effectiveness by focussing on activities in the context of the value chain

WHAT YOU CAN LEARN

WHAT YOU CAN ACHIEVE

These statements have been created in cooperation with several professionals from the Project Management industry. We expect the document to continually evolve, which is why your feedback is most welcome.
